

Ashish Deshmukh

Web Developer

I am a Web Developer with a strong foundation in HTML, CSS, JavaScript, and modern UI frameworks. Skilled in building responsive, user-friendly websites and solving real-world problems through clean and efficient code.

EXPERIENCE

WEB DEVELOPER INTERN - Kodbud

1st Nov 2025 - 1st Dec 2025

- Worked as a Web Developer Intern at Kodbud, contributing to front-end development tasks and real-world client projects.
- Designed responsive web pages using HTML, CSS, JavaScript, and Bootstrap.

Projects

1. Personal Portfolio Website

- Developed a fully responsive personal portfolio website using HTML5, CSS3, and JavaScript.
- Showcased skills, projects, and contact information with a clean UI and smooth navigation.

2. Password Generator

- Built a password generator using React frameworks supporting custom length and character types.
- Implemented like uppercase, lowercase, numbers, and special character selection.

3. Simple Weather App

- Created a weather application using React frameworks and OpenWeather API.
- Implemented dynamic UI updates based on user-searched city.

4. Simple E-Commerce Website

- Developed a basic e-commerce website with product listing, cart functionality, and checkout flow.
- Used HTML, CSS, React Framework (Tailwind) to build responsive product cards and layout.

Certificate

- Front End Developer (Infosys SpringBoard).
- KODBUD Web Developer Intern.
